

FLOW = ACCESS

Applying flow strategies to maximize patient & resident access to appropriate care.

“When we know both the medical and the allied conditions for discharge, we’re able to better plan because we knew the day before that the patient was good to go.”

- Julie Kille, PCM, Medicine Inpatient Units

Medicine is working towards having approximately 30% of the program’s discharges before noon. Find out how communication, trust and Criteria-led Discharge plays a role in this goal (link is below!).
